I love the fact that I just walk in for a treatment during the office hours without having to make an appointment and get seen right away. I have been a Greco Chiropractic patient for over a year. Dr. Greco has been an Elk Grove Chiropractor for over 10 years and I can see why she is so well loved. I see her take time for each patient, whatever their needs may be and shows such kindness and compassion every time I am there for an adjustment. Dr. Greco takes special care making sure you are feeling well, not just "adjusted". I have been to many Elk Grove Chiropractors. I chose Dr. Greco because I finally feel better, without the need for a 3 times a week adjustment for life, or the pressure to pay more in order to receive more care. I am now pregnant, and Dr. Greco makes sure I am feeling well, and offered many suggestions to aid with my pregnancy, as it can be physically uncomfortable at times! I love the way the practice is set-up, with no appointment needed, and very minimal waiting time and the per month payment plan. This is very convenient as you never know when you need to stop in for an adjustment. The office hours are very accommodating to fit into anyone's day. Overall, I would recommend her as a chiropractor since she makes me feel so much better! Thank you Dr. Greco. - L. Brockman

Without a doubt, this is the best Elk Grove Chiropractic office I have been to. Dr. Greco has great hours and I always get in and out in a flash. No hour long wait here, just walk-in and be seen. After having bariatrics surgery I was worried that I would not be able to have the needed adjustments, but Dr. Greco modified and eased me back into it. Her work has greatly improved my ability to exercise and keeps up with my ever changing body needs. I am so lucky to have found Greco Chiropractic here in Elk Grove. -JD

I have been coming to Greco Chiropractic for several years for maintenance of my spine. I have never felt healthier than I do today! I am an athlete who has serious issues with my back and spine due to accidents. Greco Chiropractic has taken very good care of me and helped me to rebuild my strength and flexibility and virtually relieve all my pain. I highly recommend Greco Chiropractic as I have been to many chiropractors over the years and I've never had the level of care and concern that I have experienced at Greco Chiropractic. My pregnancy and birth of my first child took a toll on my lower back. Finding myself in constant pain, I sought out chiropractic care of Dr. Greco. On each visit, she would ask how I was feeling and where the pain was, asses by examination, and then perform the adjustments needed. In addition she would give me tips on exercises I could do at home to build strength in my back. I never felt rushed in the office. When I was there, I was her top priority, and my health was her main concern. She truly cared about restoring my health. I highly recommend Greco Chiropractic in Elk Grove. In addition, they are so affordable and convenient for busy Moms. With one love monthly fee, you can go in and get the adjustments needed without worrying about making an appointment. Kids are always welcome too! What more can I ask for?! Thank you Dr. Greco!!! -Christine T.

Greco Chiropractic understands the importance of keeping athletes bodies well tuned so they can perform their best. I am a triathlete and love being active and outdoors. Sometimes all of the running, biking, swimming and weight training makes my back and neck out of alignment. I noticed that a regular adjustment keeps my back healthy so I am able to maintain my training schedule. Being able to stop in anytime without an appointment is very convenient. The low monthly rate for chiropractic care makes regular Chiropractic care affordable too. -Tina P.
